## SCOUT'S PROGRAM

Everything is now ready for the Scout Camp at the late Matthew Cook's old house on Buffalo Lake. About twenty-five scouts from the second and third country will be expected and ten more from their scout master from Castor, Alta.

The programme each day (subject to alteration) will be as follows : - 6 a.m.-messengers get up ; 6.30, get up, dip in lake ; 7.00, breakfast ; 7.30, physical drill and prayers ; 8.00, tidy up camp, etc. ; 8.30 to 11.30, scouting practice ; 11.30, bathe ; 1.30, dinner ; 2.00, 3.00, games ; 2.00, 3.00, 5.30, shooting practice ; 5.30, supper ; 6.30, games, football, baseball, etc. ; 8.00, cocoa, camp fire songs, stories, etc. ; 9.30, players ; 10.00, lights out. On the first day all will be responsible for all meals each day. On Sunday, July 6th, there will be a church parade at St. Monica's church, at 3.30 p.m. A visitor's day will be arranged some day during the week. The scouts will be in town on July 1st, but hope to stay in camp for the balance of the first week and work hard at the different branches of scouting. Further announcements will be made next week as to the movements of the scouts.

## BASEBALL NEWS

Last Friday the Mirror nine won a closely contested game of baseball from Erskine, on the latter's grounds, and at the end of the seventh the score book showed the "Brownies" in front by 3 to 1. Schmidlin, the first man up for Erskine

scored their only run and for the last six innings they were handed a big goose egg every time. Cairns also had first man to bat for Mirror, and the usual District and Buffalo Lake Amateur Athletic Association.

Surprise in St. Monica's church, Mirror will be conducted by the infolded players, a great game and Simpson, who twirled a game good support.

Mirror players : Cairns, Suggett, Iveson, Slinger, Pitman, Thomas, Merkley, McCormick and Stevenson.

Erskine players : Schepher, Wagner, Ritter, Stewart, Meenan, Blackson, Berthel, Anderson and Shepard.

Mirror.—1 0 0 2 0 0 \* 3  
Erskine—1 0 0 0 0 0 0 1

A team from the "Made-in-Canada" train played an exciting game with the Mirror nine last Tuesday afternoon and took the home team's measure. The game was a thriller but lasted, but was a thriller while it lasted. Errors were numerous and the batting averages must have gone down considerably.

The gun club received their thanks this week and a few of the members have been out giving an exhibition of their skill.

James Bros are showing a number of fine Suffragette flags at the Calgary Exhibition next week. The animals left on Thursday of this week.

A. Montgomery is holding an auction sale at his place seven miles north-west of Mirror, on Monday, July 14th, 1913.

T. G. Cook, of Wainwright Alta., is in town on business.

Karl L. Halpny has resigned his position as secretary-treasurer of Mirror, and at a special meeting of the Council on Thursday evening, W. C. Gardiner was appointed to the office.

R. H. Nowers and W. Fitzgerald, inspectors of trapping and trapping, will make a visit to the bank of Commerce here last Wednesday.

## LOCAL NEWS

Bills were printed at THE JOURNAL office last week for a galaxy of Births, Deaths, Weddings, Saturday, July 12. The sports, which will consist

of football, baseball, trap shooting, tug-o-war, water sports, foot and horse races, are under the auspices of the Provincial District and Buffalo Lake Amateur Athletic Association.

Services in St. Monica's church,

## MADE-IN-CANADA

The much advertised "Made-in-Canada" train pulled into the G. T. P. station on Tuesday, June 21st, on schedule time. 130 passengers were by far the largest crowd ever to witness the arrival of all parts of the district. Notwithstanding the fact that the travelling clerks promised to give free fares, the families drove in from their farms located ten and fifteen miles away, and much interest was manifested in the train by everybody.

The "Made-in-Canada" train is a device for advertising Canadian products, chiefly manufacturers of Eastern Canada, and is under the direction of the Canadian Manufacturers' Association, of which T. A. Russell is chairman, and H. D. Stevins, manager of the train, started.

The "Made-in-Canada" train is a device for advertising Canadian products, chiefly manufacturers of Eastern Canada, and is under the direction of the Canadian Manufacturers' Association, of which T. A. Russell is chairman, and H. D. Stevins, manager of the train, started.

On the evening of July 2nd between 7 and 9, we will give away 10 gallons of ICE CREAM. You are specially invited to be our guest; you are welcome.

Concluded on page 4.

### MOVING PICTURES

The people of Mirror and dist. will now be able to see the "movies" with little trouble or expense, as Jim S. Slater, of Innisfail, who is in town last Monday, has decided to open up a show here, and his first performance will be tomorrow (Saturday) evening.

The regular show nights in Mirror will be Wednesday and Saturday of each week, the balance of the week being spent in the neighboring towns. Mr. Slater will make Mirror his headquarters.

An experienced operator will be in charge of themachine and arrangements have been made whereby Mr. Slater can exhibit the latest films being included on the same exchange circuit as Edmonton, and other points in the moving picture theatres are in operation. The show will be shown in Cook's hall, and will, no doubt, be well patronized by old and young.

Hurrah for Mirror on July 1st. Big doings.

## FOR THE NEXT 30 DAYS

\$125 W's are selling corner lots on Lake Street in Lake View Addition for \$125, inside lots at \$75.

## "SWAT THE FLY"

In More Ways Than One

Flies may be combated by the following means:

I. The Fly Swatter.—This little instrument serves to kill many of the flies that pass by the screen.

II. Fly paper.—This paper also serves to destroy a limited number of flies.

III. Various Poisonous Solutions.—Such solutions are bicarbonate of potash (dissolve five per cent solution of potassium water. Various poisons found in the market in little tins supplied with wicks are also helpful.

IV. Fly traps.—The wicks to the poison to be taken up by the wicks from which the flies suck the poisoned water. When such poisons are used all open water should be removed from the room so that the fly will have to drink polluted water.

V. Various Types of Wire Fly Traps.—Such traps may be obtained in almost any hardware department store, and should be placed about the house.

V. Fly Traps on Garbage Bins.—Can be placed outside the residence. The traps are placed over a hole in the top of the can. The top of the can is made a little larger in diameter than the can and is so arranged that it will be supported from one point to another. Indent above the rim of the can. This position of the top enables the fly to walk up the side of the can and to enter it. After feeding the fly will go to the light, passing through the hole in the top and will pass into the trap. The trap costs only a few cents. Owing to the strong smell the garbage can thus contains a most efficient fly trap.

Every household, restaurant, grocery store and meat shop should have such a garbage can. If a little more is spent the flies can the green blow fly will be caught along with other flies.

If these can be used in the places above designated, the adult fly population would soon be exterminated. To gather the can should be placed near the kitchen door convenient to the kitchen and to the garbage collector.

Business houses, especially those doing food trade, of any kind should also have the ordinary plain fly traps in the front and rear of the establishment.

Livery barns and private barns should also be provided with traps which should be placed near the manure piles.

VI. The destruction of the eggs and the larvae of the fly or the destruction of the breeding places of the fly.—This is perhaps the most important factor in exterminating this insect. When placed in dead vegetables and animal matter, especially by them breed in all trash about

the house and yard. After the deposition of the eggs ten days elapse before the mature fly is developed; hence all trash, both vegetable and animal, should be cleaned and removed at least ten days in order to destroy each crop of larvae. A general cleaning up should be done once a week—better twice.

VII. An ideal breeding place may be found in out-of-the-way corners and fissures. Consequently all out-houses should be screened, kept clean and disinfected with chloride of lime.

VIII. Mature or old manure, the decaying organic material, moisture heat and fermentation, forms an ideal breeding place for flies. The manure should be removed twice a week.

The area on which the manure is applied should be sprayed with chloride of lime. A fly trap should be kept near this area. If the manure cannot be removed twice a week it should be kept in a screened shed so that flies cannot gain access to it.

The stable should be screened, kept free from manure and should have it in a state of constant motion.

It is not poisonous to animals and men.

The above recommendations can be carried out by anyone in the community. An inspector should be appointed to see that all the yards, alleys, stables, stores, etc., are kept clean and supplied with fly-traps which are maintained in a state of good repair.

## NOTES ABOUT THE "MADE-IN-CANADA" TRIP

(Continued from page 1)  
The Canadian Kodak exhibit is valued at \$1,482.

The length of the round trip is 6,000 miles.

Through the train there are five-hundred in and escent lights.

The total length of the train is 975 feet.

The value of the train exclusive of the exhibits is \$136,000.

The average time taken by visitors to view the exhibit is 18 minutes.

J. J. McLaughlin, Limited, showed some attractive soda fountain fixtures, but there were no drunks.

The Smart-Woods Limited exhibit was enclosed in 200 square feet of glass case, and included 1,000 different lines.

The largest tire in the Dunlop Tire Company's Exhibit, will carry a load of 8,025 tons.

The weight of the engine and fourteen cars exclusive of the exhibits, is 810 tons.

The train was lighted from a dynamo driven by a steam turbine in the first car.

One of the most interesting exhibits was that of the Ontario Government consisting of honey, cheese, butter, maple syrup, apples and fresh fruits.

The Department of Agriculture, Ontario, shows fruit, dairy products and honey, and the toothsome apple attracted much attention.

The industrial enterprises of Canada, forty-one of which were represented on the train, give employment to upwards of 550,000 people.

The Made-in-Canada exhibition consists of eighteen and fourteen cars as follows: Ten containing Canadian products, an entrance car with dynamo, machine shop and baggage room, a dinar and two sleepers.

The Made-in-Canada exhibition train is under the direction of the Canadian Home Market Association of which T. A. Russell is chairman, and Mr. H. D. Sculley, manager of the train, secretary.

**TRAIN WRECK AT TOFIELD**

Ranning about twenty-five miles an hour coming into the Tofield yards the G. T. P. passenger train, last Saturday evening ran into an open switch at track No. 2 at the east end of the yards and crashed into a line of freight cars standing on the elevator track.

Fortunately the train was gradually slackening speed coming into the station and the impact of the collision was greatly lessened.

As it was a large amount of the crockery in the diner was smashed up and some of the kitchen help sealed by hot water from the ruptured kettles. A brakeman on the freight and a number of passengers on the cars in the front end of the train were badly shaken up but no serious injuries were suffered by any.

The pilot of the engine and headlight were smashed up and four of the empties on the side-track broken up.

## LOST FOXES RECOVERED

Edmonton, Alta.—The four foxes valued at \$7,000 which disappeared from the place where they were being temporarily kept at South Edmonton several weeks ago were located about 30 miles west of Edmonton by Detective Mehl of the city police force, on the homestead of John Merrigan, of Gramina, who is a farmer and employed as a timber inspector under the government. He was away from home when the detective visited the homestead.

Three men, however, have already been arrested in connection with the robbery. These are J. D. Kennedy, said to be a real estate agent of Tofield, George W. Campbell, a janitor at the Edmonton post office, and John A. Buehmann, who is said to be a carpenter by trade, but who has lately had no occupation.

Bail has been asked for Kennedy and fixed at \$5,000. All the accused men are said to be former residents of Prince Edward Island, where the foxes were a flourishing article. It is believed the foxes were being kept in seclusion until they would have grown sufficiently to lose their identification marks, so that they could be shipped out with safety.

The corner of the homestead is E. M. Lee, owner of the Western Hawk Far company, Rice street, who has been dealing in live foxes for about a year, and who has a fox ranch at Tees, Alta., 10 miles west of Mirror, Alta.

The four foxes which disappeared were the most valuable of more than a score which Mr. Lee was getting ready for shipment to the east. The most valuable one, a pure black, worth about \$4,000, was dead when the animals were located on the Merrigan homestead. Another was a black silver worth about \$2,000, and the others were of the red and black cross variety. A thousand dollars was offered for the return of the foxes, and the reward will probably be paid to Detective Mehl.

Wanted, an editor who can read, write and argue politics, and at the same time be religious, funny, scientific and historical at will, write to please everybody, know everything without asking or being told, always have something good to say about everybody else, live on wind and make more money than enemies. For such a man a good opening will be made (in the graveyard).

On and after June 20th, 1913, we have decided to conduct our business on a **STRICTLY CASH BASIS**. We hope our customers will co-operate with us, and thus do away with the Credit System, which is one of the greatest drawbacks in business today.

In a business, such as we are conducting, where we pay Spot Cash for our goods and where the goods are perishable, it is imperative that we sell for Cash. In doing this we can guarantee **Better Service**, and can give our customers the **Best Quality of Meats at a Lower Price**. You are reaping the benefit. It means money saved to you and creates a better business relation all round.

### NOTICE

The time for tendering on School Building has been extended to June 30th, at 10:30.

### Tenders For School

Notices are hereby given that sealed tenders for the erection and completion of a two story brick school to be erected by Mirror School District, No. 82, Mirror, Alta., will be received by the Secretary, **July 10-20 p. m., June 30th, 1913**. Each bidder must enclose with his proposal a certified cheque amounting to 3 per cent. of his tender. Plans and specifications must be sent to the office of the chairman, Mr. W. G. Merkley. The lowest or any tender not necessarily accepted.

N. H. G. RUTHERFORD, S. D. No. 402, Mirror, June 19th, 1913.

### STREET GOSSIP

It was a glorious day and just what the doctor ordered with a skilful swimmer taking two-thirty-four number of sons, summing up to the good ship "Katherine," with Skipper Brindle at the helm. Before going any further, it might be stated that the outfit was put together for the benefit of the T. B. M., which translated into the vernacular stands for "Tired Business Men and their Thirsty Zoological Medicants," as might well suppose. The company on board was composed of tall men and short men, fat men and thin men, young men and old men, who were sprightly with a capital S.

A cargo of hard-tack and supplies of aerated water had been placed on board, which served to act as ballast, fond farewells were said in both the cabin and deck of the Buffalo Lake steamer. The party immediately gathered in the saloon and all hands joined in drinking a glass of the aerated water, diluted with a few jugs of Alberta beer, followed by a hearty glass of some concoction. Passing Mirror Beach several of the fellows adjourned to the pool, where an unobstructed view of one of Mirror's most scenic spots was heartily enjoyed.

The excursion party arrived at Rochon Sands, a picturesque little summer resort on the other side of the lake about 12:30. Quite a number of campers had their downy comfortable cottages. A stroll along the beach was followed by a baseball game. The exhibition was a burlesque one with Tom, the pitcher, one of the substitutes for the balls and the rest of the landing as a bat. The pitched had wind-up that took 8 days to rundown. A couple of the T. B. M. had the pleasure of a swim in the sun and sand-lined beach, whether or not the dislodging of last winter's accumulations had anything to do with it, the "Katherine" refused to float it out for fear that the whole crowd didn't have a duck, or the party would probably be stranded there yet. Several of the heavy-weights were forced to go ashore with the lighter ones. (Cargo is right.)

The next stop was made at Alex. Salmon's a bally fine chip who resides at the head of the lake. Just before landing Jack the Giant Killer, was cast ashore by the current of the rapids. (Cargo is right.)

The last stop was made at

the Giant Killer's home at

Mirrorthorpe, July 17th; also at

Grand hotel, Alix, July 18th till 2 p. m.

He may possibly forward a challenge for the world's sculling championship in the near future. Although Salmon was not at home, he is the possessor of his domineering wife, who is a widow, edified and made themselves at home. Everyone signed the stud book and two bottles of the judo-juice were left as a token of the pleasure and business union of this town. I refer to the action of the officers of the Mirror Library in making a presentation to the retiring librarian, Miss Balfour, said to be being purchased in EDMONTON.

While for myself, heartily endorsing the action of buying a present, which Miss Balfour is not going well for the library funds, I am compelled to step taken in purchasing said present, is to my way of reasoning, nothing but a slur on the business men of Mirror.

I am given to understand that certain members of the Mirror Club went into one of the stores in town and not finding exactly what they wanted, took train to Edmonton and purchased said article there. This is the reason that we all believe that they knew exactly what they wanted.

Why did they not ask the storekeeper to get them that article from Edmonton, and let our local merchants do the commission? Heaven knows it would have been small enough at that. The storekeeper had been telephoned to Edmonton and given the required article, so that no time would have been lost, in fact, if there was a terrible rush, it would have been quicker. The Mirror Library would certainly have supported us all little in return would not come amiss.

When the Rotarian-Cannibals were in Mirror last Tuesday, they handed out postal cards, showing a quotation of Abraham Lincoln, who reads in one part, "we buy goods made at home, we get both the goods and the money." Most

Corp. Aiken, of the R. N. W.M. Cannibals, was in Mirror on Wednesday.

Arrangements have been completed by the Yeomen Lodge for the entering at the grounds during the 1st of July celebration at Mirror. Wednesday, July 1st, 1913, will also serve regular meals at noon and supper time, besides serving lunches during the day.

R. J. Daley, publicity commissioner for the Province of Alberta, was in Mirror last week, gathering data for publicity purposes.

A special rate of a fare and a third for the round trip is offered by the T. B. M. for Dominion Day. Tickets are good from June 28th to July 4.

M. Mecklenburg, A. M. the only university graduate Sight specialist in Alberta, 315 Jasper Ave., phone 5224, Edmonton, visits Mirror semi-monthly.

No. 12 makes connections at Toddlers, K. with No. 2 train for Saskatoon, Winnipeg and Eastern points.

No. 11 makes connections at Toddlers, K. with No. 2 train for Saskatoon, Monday, Wednesday and Friday, arrives Mirror 5:30 p.m.

There is no regular train schedule south of here, although extra service is due to be in at 7 a. m.

Monday, Thursday and Saturday, for Breslau, returning on Monday, Wednesday and Friday at 6 p. m.

Board of Trade will meet on Wednesday evening, July 2nd.

K. B. IVESON, Manager :: Mirror

### A PROTEST

To the Editor of THE JOURNAL:

Dear Sir— Might I, as one of the citizens of Mirror, lodge through the medium of your paper, a protest that I think will have the endorsement of many others, that the stockholders and business men of this town I refer to the action of the officers of the Mirror Library in

making a presentation to the retiring librarian, Miss Balfour, said to be being purchased in EDMONTON.

While for myself, heartily endorsing the action of buying a present, which Miss Balfour is not going well for the library funds, I am compelled to step taken in purchasing said present, is to my way of reasoning, nothing but a slur on the business men of Mirror.

I am given to understand that certain members of the Mirror Club went into one of the stores in town and not finding exactly what they wanted, took train to Edmonton and purchased said article there. This is the reason that we all believe that they knew exactly what they wanted.

Why did they not ask the storekeeper to get them that article from Edmonton, and let our local merchants do the commission? Heaven knows it would have been small enough at that. The storekeeper had been telephoned to Edmonton and given the required article, so that no time would have been lost, in fact, if there was a terrible rush, it would have been quicker. The Mirror Library would certainly have supported us all little in return would not come amiss.

When the Rotarian-Cannibals were in Mirror last Tuesday, they handed out postal cards, showing a quotation of Abraham Lincoln, who reads in one part, "we buy goods made at home, we get both the goods and the money." Most

Corp. Aiken, of the R. N. W.M. Cannibals, was in Mirror on Wednesday.
